incl. 8,1% VAT plus Shipping

Currently out of stock.

Size of the bit: 13.5 cm

The single-jointed novocontact water snaffle is especially recommended for sensitive horses that do not come correctly to the hand.

- Innovative novocontact geometry
- Enlarged contact area on the tongue for a gentle feel
- A suitable choice for horses that occasionally pull hard but are too sensitive for bits with a stronger effect
- Sensogan alloy for optimal comfort
